

MEMORANDUM

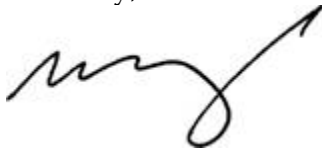

September 2, 2011

Wow! No doubt last night's victory at Alfonso Field over the University of North Texas was made possible by the incredible turnout and support of you, our students, our 12th Panther! What an amazing sight to see so many loyal students at the game, rooting for our hard-working student athletes as they played their hearts out against the feisty team from Texas. Your support is what makes for a Worlds Ahead experience and was definitely noticed by our players! Please see this short video clip: go.fiu.edu/thankyou.

Now it's on to a nationally-televised game at the University of Louisville for your Panthers – next Friday – and then back to FIU to meet with rival University of Central Florida Knights on Saturday, September 17, 2011. Your support will be critical at this game, as we expect a very large turnout of fans to support UCF! We can't let them out-cheer us!

We will need the 12th Panther more than ever! Are you in?

Sincerely,

Mark B. Rosenberg
President
