

MEMORANDUM

February 1, 2013

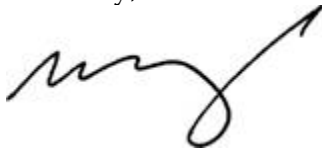

Dear FIU family,

We are pleased to inform you that we will receive more than \$1.4M for FIU's First Generation Scholarship Fund in 2012! For the second year in a row, FIU has surpassed the match challenge from the State of Florida. Our request for state matching funds is the second highest from all State universities in Florida and the largest in FIU history. As a result, up to an additional 400 students will benefit from this scholarship.

This request is a reflection of the determination of the entire FIU community. From our leading corporate and foundation partners to each individual donor, we are enriching the futures of our first generation students and their families.

To learn more about the First Generation Scholarship Fund, [please watch this short video](#).

Sincerely,

Mark B. Rosenberg
