

Dear Faculty and Staff

Please join me next week to learn about what it means to be WorldsAhead at FIU. We will share the stories of four community engagement projects in the Herbert Wertheim College of Medicine, the Honors College, the School of Environment, Arts and Society and the College of Engineering and Computing. These projects are helping to shape the future of South Florida.

WorldsAhead Special Event:  
Creating Solutions for South Florida

Tuesday, November 2  
Graham Center Ballrooms  
9 - 11 a.m.

Confirm your attendance here:
