

MEMORANDUM

March 9, 2012

**Join the Celebration!**

Together with colleges and universities around the nation, FIU celebrates **Student Employment Week** this week, April 9 - 13. The culmination of activities will be the Third "SEOTY" Award Ceremony where one of our outstanding students will earn the 2012 Student Employee of the Year Award.

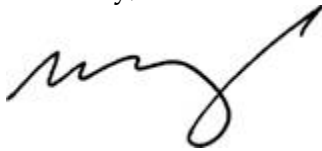

During this week, FIU recognizes our student employees for the important role they play in helping FIU continue to turn the impossible into the inevitable. This year, nearly 200 students were nominated, almost double from the previous years. We are committed to providing opportunities that give our students real life experience in order to prepare them for the world of work and successful careers.

Our student employees have seized the opportunities to excel. Student employees are the backbone and the heart of our university. They have chosen to be *Worlds Ahead* in their dedication, and perseverance; both in the classroom and at work.

We encourage departments to express appreciation for their student employees during this week of activities. Take the time to say "Thank You" for their enthusiasm, dedication and contributions to FIU.

This is another opportunity for us to show that every student counts!

Sincerely,

Mark B. Rosenberg  
President
