2+2 Articulation in Florida – Helping to Meet Florida’s Workforce Needs

SUS Baccalaureate Degrees:

≈ 50% in education,

≈ 45% in the health professions,

≈ 35% in emerging technologies,

≈ 40% in high-wage/high-demand fields, and

≈ 40% in other disciplines . . .

. . . are granted to community college transfers.

However, Florida Needs More Adults with the Baccalaureate or Higher

Florida ranks 46th for bachelor's degrees per 1,000 residents.

- Florida needs:
 - More students to successfully finish high school and pursue postsecondary education.
 - More AA students to complete common prerequisites for specific majors prior to transfer.
 - More Community College AA graduates to pursue the baccalaureate.
 - More students to graduate from the SUS in a timely manner.

2 + 2 Articulation in Florida: Current Challenges

- **Budget constraints limit SUS enrollments.**
- **Florida needs 2+2 to work well now more than ever.**
- **More funds for need-based financial aid.**
- **Budget constraints limit funds for advisors, sophisticated tracking/mapping systems, and staff who work to ensure that articulation mechanisms and student support services are working well.**
