

MEMORANDUM

November 24, 2010

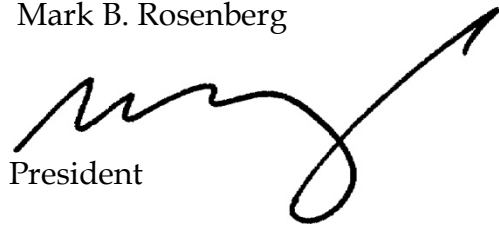

Dear University Community:

FIU's short history is full of milestones and another may be just around the corner! On Saturday, our Golden Panthers football team plays Arkansas State at 3:30p.m. at FIU Stadium. This is not any game; it is for the conference championship! With a victory, our student athletes will have turned the impossible into the inevitable for our football team, just nine years old, having played its first game during the Fall 2002.

We invite you to bring your family and friends to our pre-game tailgate village, complete with children's games and your favorite entertainment. We welcome you to then attend this noteworthy game, to enjoy our new marching band, rock with the Dazzlers and Cheerleaders, and cheer on our players as they stake their claim for league competitiveness and a bid to play in a post-season Bowl game.

This Thanksgiving gives us an opportunity to celebrate our many blessings. We can come together this Saturday to support our student athletes as they put it on the line for their alma mater, your FIU! And just maybe, they too will turn the impossible into the inevitable! YOU IN??

Mark B. Rosenberg

President
